94th YEAR No. 1

FIFTEEN CENTS

Lillian Foreman tries for Miss Illinois title

by JANE POLZIN

Everyone associated with Lillian Foreman, Miss Antioch, agrees she has a very good chance at becoming Miss Illinois.

Preparing for the coming pageant is hard work and Lillian seems to be a hard worker.

She is now working for a computer company in Skokie and studies medical technology at Carthage College during the school year. She has also been making appearances around town.

The state pageant will be held in Aurora from July 19-21. The theme will be "shine it on." Thirty-two other contestants are also hoping to win the crown.

"I'm excited," Lillian said. She added that she had "a little bit of butterflies."

"I'm really appreciative of all the support I received from the community," she said.

The only thing Lillian is afraid she may forget to take with her to the pageant is a big key chain, "the biggest I can find," she said.

She is now practicing for the pageant as much as she can. "It's all worth it—definitely," she added.

PRACTICING HER dramatic presentation and generally preparing for the contest are occupying her spare time.

She has also been exercising and selecting her wardrobe.

Lillian's dramatic presentation is called "The Hairy Toe," by J.R. Bodkin. It is a dramatic interpretation of black folklore and is the same talent she performed for the Miss Antioch Pageant.

SHE RECENTLY ATTENDED other pageants to see how they are run and to get used to being in front of an audience, said her chaperone Dorothy Larson.

Some of the items Lillian must bring to the pageant include several evening gowns, dresses for interviews, and parties and two bathingsuits.

Antioch merchants have been helping her "get her wardrobe together," said Marlo Good, chairman of the Miss Antioch pageant.

HER CHAPERONE will be "making sure Lillian has everything she needs," Larson said. She will also "be with her at all times

and make her feel comfortable."

"From what I've heard, she stands a very, very good chance of becoming Miss Illinois," Larson said.

Lillian is the only contestant who will be doing a dramatic presentation, said Alice Ganter, business manager for the Miss Antioch pageant. There will be 17 pianists.

HER TALENT "will make her stand out," Ganter said.

Other events in which Lillian will participate during the five day state pageant are the evening gown and swimsuit competitions Thursday night.

On Friday she will be interviewed by five judges and will present her talent.

The big night is Saturday night, when she will "have to go through everything all over again," Ganter said.

"**WE'RE PRETTY SURE** she's going to be one of the 10 finalists," Ganter said. "Talent counts double everything else," so her talent will score well, she said.

Lillian will stay with the other contestants at a dorm in Aurora. "Security will be very strict," she said. "No one will be allowed to visit or talk on the phone with Lillian unless her chaperone is present."

"She can't go anywhere unless she's driven in a pageant car," she added.

HER TIME in Aurora will be spent in rehearsals, preliminary competitions and social activities planned for the contestants.

Lillian is "really excited" and "not nervous yet," Ganter said.

"Our state director...is just about sure Lillian will be one of the ten finalists," Ganter said.

"We're all anxious."

"Lillian is bringing a multitude of family—about 30 to watch the pageant," Ganter added.

The daughter of Mrs. Ursula Gorny, Lillian has one younger sister, Lynette. Both will be attending the pageant with her.

Tickets for the Miss Illinois Pageant may be purchased by writing Box 72, Aurora, Illinois, 60507.

Arts and crafts fair was a winner

Brightly colored umbrellas dotted the grounds of the seventh annual Arts and Crafts Fair and Antique Show sponsored by the Antioch Chamber of Commerce and Industry.

"The fair was the most successful" the Chamber has ever sponsored, said William Schroeder, fair committee chairman and publisher of the Antioch News and Antioch Reporter.

"**PEOPLE SEEMED** to come earlier this year and stay later," he said.

"I would say attendance surpassed any of the past years, he added.

Schroeder described the fair as "well run, calm, orderly, a place where people can find entertainment, something to eat and bargains."

Over 130 people were entered in the fair this year, said Dixie Sparks, executive secretary of the Chamber.

ENTRANTS WERE FROM as far away as New Jersey, but most come from the northern Illinois and southern Wisconsin areas.

Some of the fair's highlights included a puppet show and excerpts from "Pippin" presented by the PM&L Theatre Players as well as entertainment by a local band.

Cash prizes totaling \$550 were awarded for winning arts and crafts entries.

Lynne A. Ciaccio, Trevor, won the Best of Show award for her oil painting of a Hawaiian island. She was presented with a check for \$250 from the Chamber.

THE FIRST PLACE award for art went to Anders Nordling of Lake Villa for a lake view oil painting. He received a \$75 award for the prize.

A scratch board picture of an owl won third place. The \$50 prize went to Chester Gorzelany of Des Plaines.

Third place was won by an Antioch resident, Ellen Ottersness, for a water color painting. She received \$25 for the honor.

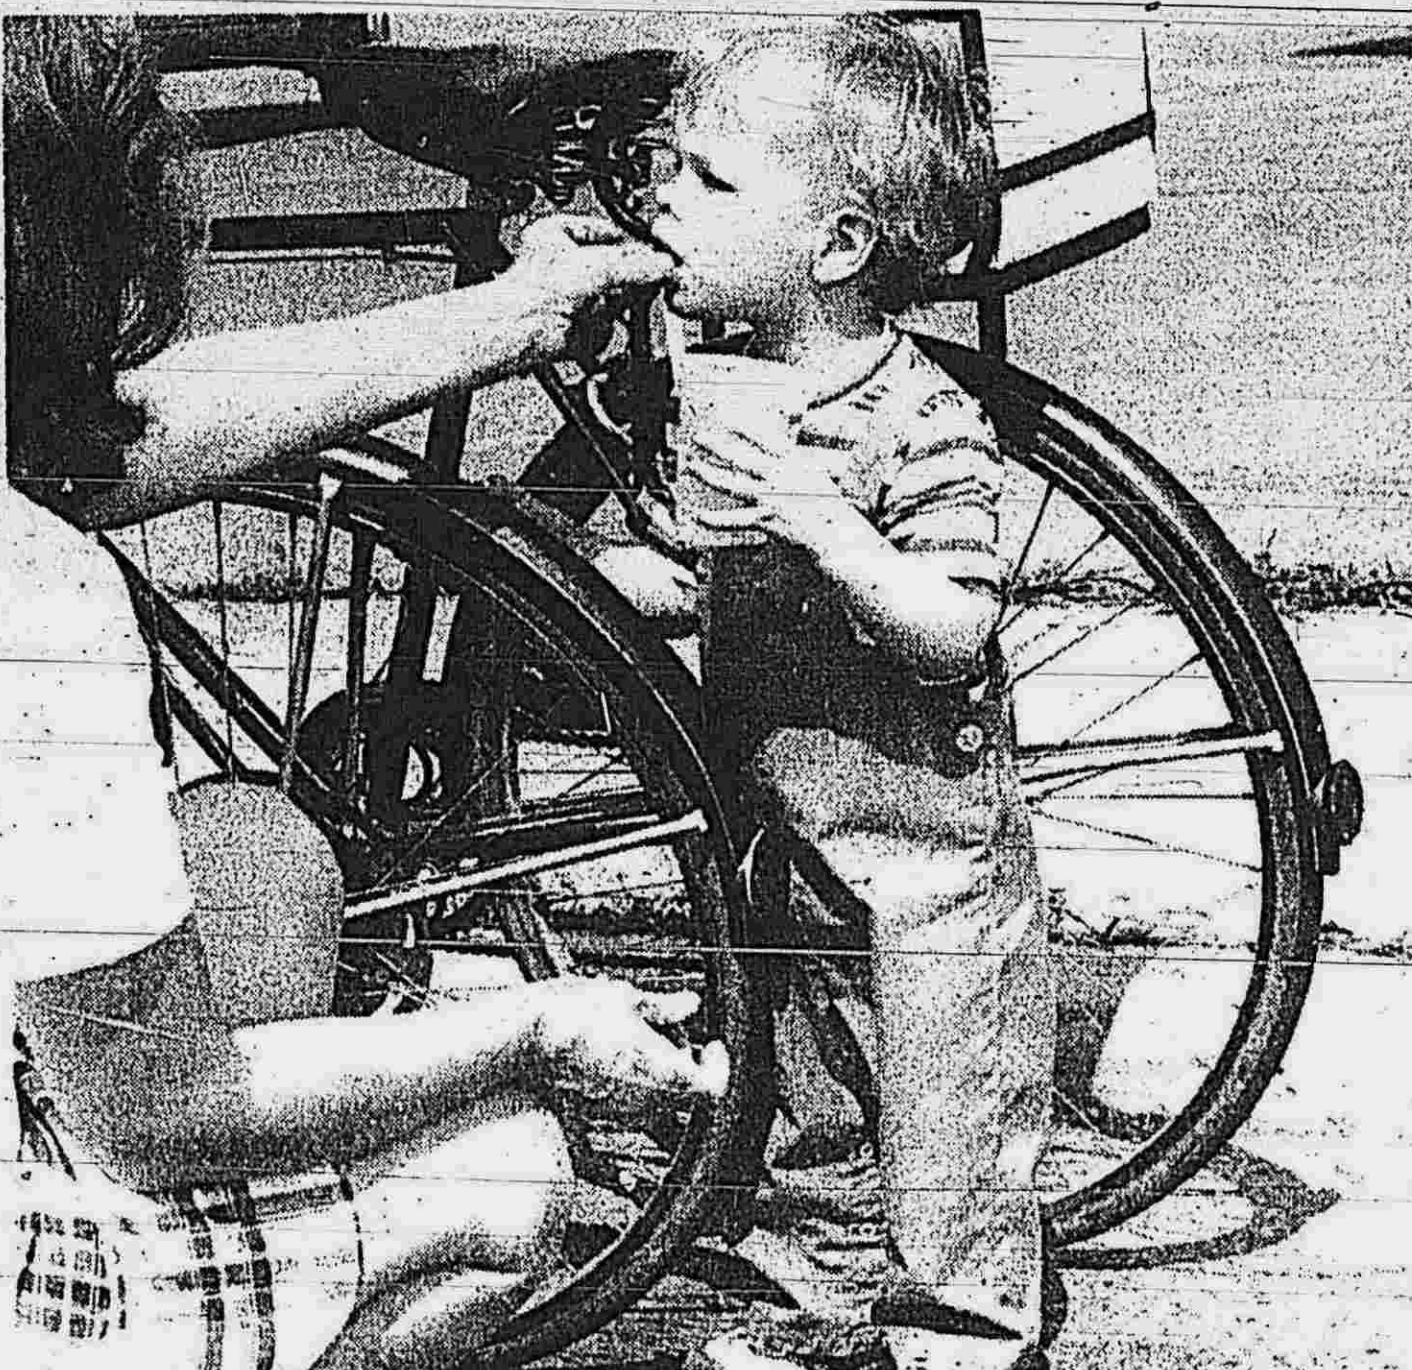

THREE CRAFT HONORS were also awarded by the Chamber.

The first place prize of \$75 went to Kent and Sally Johnson for a ship model. They are from Algonquin.

Pottery won the third place \$50 prize. Tom Guirl of Belvidere received the award.

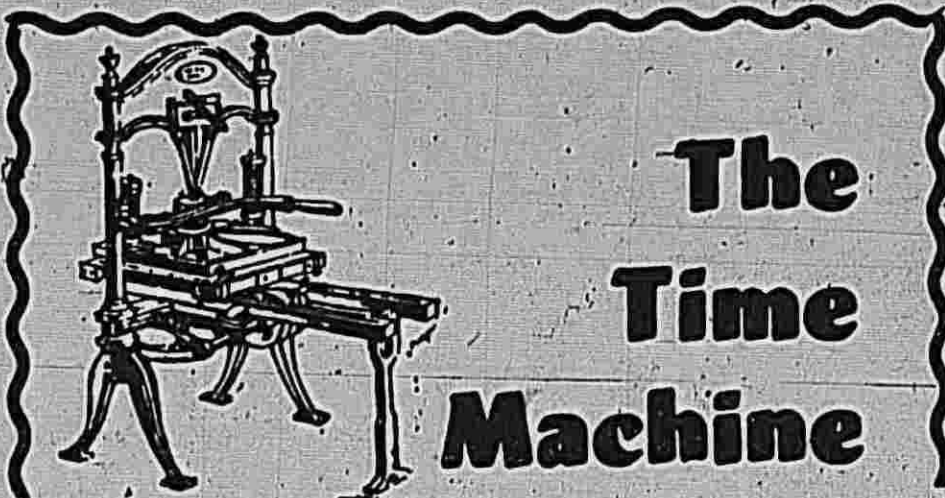

A \$25 third prize award went to Sandy Rhodes of Winthrop Harbor for her macrame work.

Among other entries in this year's fair included ceramics, stained glass items, mirrors, preserves and quilts.

The Time Machine

50 YEARS AGO: JULY 11, 1929

Willard C. Chinn, Antioch, member of the 1929 graduating class of the University of Illinois, has accepted a position as principal and coach of the Alva High School at Ft. Meyers, Fla.

It costs real money to cut up and make whoopee at Channel Lake. So seven "hard-eggs" from Chicago found early last Thursday morning after they had started a free-for-all gang fight at the Channel Lake pavillion. Officer Ben Fischer brought the gang to Antioch at 3 a.m. Thursday morning, but Judge Tarbell was too busy sleeping to hold court at that hour, so he ordered the prisoners held until morning.

A reward of \$400 offered by the Charles Sibley Jordan Agency here has failed thus far to bring to light any information as to the whereabouts of a suave stranger who took a light blue Jordan roadster from the local dealer on a bogus check three weeks ago. The man, traveling about in the \$2,700 spiffy-looking car is one Henry C. Thomas, described as one of the smoothest confidence men whoever visited Lake County. The missing car is described as the latest thing on wheels, 1929 model sport roadster, light blue, with six wire wheels.

Sixteen carloads of lambs were unloaded for grass feeding at the stock yards Friday night.

The Otto Lehmann Hatchery burned to the ground Monday evening. It is reported that ten thousand chicks were killed by the fire.

30 YEARS AGO: JULY 7, 1949

Harmony vanished Tuesday evening at the meeting of the village board when Trustees Merrill Cunningham and Edgar Simonsen blocked temporary payment of bills because they, as members of the street committee, were not informed of the purchase and use of road oil on Ida and Spafford Sts.

The American Legion carnival opened today at the Ackerman grounds near the watertower and will continue until Sunday night. There are five rides and a matinee for the youngsters is set for Saturday from 1 to 5 p.m. when the rides will cost them but nine cents.

The Antioch Telephone girl's softball team will play Libertyville July 12.

Something new at Our Country Club — to take out in a box — Bar-B-Cue spare ribs \$1, Fillet Lake Perch 75 cents.

The Lake Region Jaycees are for the eighth straight year presenting the Miss Lake Region Pageant, which is a preliminary to the Miss Illinois Pageant. The contestants whose applications have been received are Dona Garrison, Marianne Payton and Kathryn Heitkotter.

Annexation of the Antioch Upper Grade Building site to the village was approved Monday night by the village board.

Doris McClory, wife of Congressman Robert McClory, will be the guest speaker at a buffet luncheon to be given at McHenry Country Club, July 14.

The College of Lake County announced that applications for admission will exceed the 1,000 mark.

Customers that have been banking with the State Bank of Antioch for the greatest number of years all received \$25 savings accounts. They are, Earl Horton, since 1908; Clara Westlake, since 1910; Gussie G. Hughes, since 1907; and Axel C. Bohlen since 1916.

Antioch football camp starts

Antioch High School is now hosting a football camp for high school aged players during the early morning hours each weekday.

"The camp stresses basic football fundamentals, offensive and defensive

techniques and having a little fun, too," Wapon said.

FINANCIAL NEWS

by
Phil Schaub

Trusts are very powerful tools in financial planning. The principals behind them aren't complex, but they've never been explained to most of us. This week we start a series of columns that will discuss a few of the basics of trusts. These columns will only be enough to make you aware of them. You will always need a lawyer to do anything with trusts.

Trusts are based on the legal principal that ownership is NOT a simple, single right. You have several rights when you own something. A few of these rights are: the right to use and enjoy the property; the right to keep others from using it; the right to sell it, that is, transfer your rights to someone else. These rights can be put into "bundles". The bundles that matter when you're talking about trusts are title and beneficial rights. Title involves the right to sell the property, actual ownership. Beneficial rights involve the right to use the property and to keep others from using it. These bundles don't have to be held by the same person. You can hold title while I hold the beneficial rights, or vice-versa. This is what putting property in trust is all about. A trust exists when one person owns something for the benefit of someone else.

There are special words that lawyers use to make it clear who has what rights. The person who makes the trust is the "grantor". He is the one who originally owned the property and decided to put it in trust. The person who owns the property for someone else's benefit is the "trustee". The grantor has trusted him to take good care of the property. The person who has the benefit of the property is the "beneficiary." He is the one who has the benefit of the property but does NOT own it. The grantor, trustee, and beneficiary can all be the same person. They can be two people. They can be three people. You can have more than one of each.

Any property you own can theoretically be put into trust. Normally, the way you do it is to have your lawyer give you a trust agreement, and have both yourself and the trustee you've chosen sign it. It is legally possible to have a trust exist without a written agreement, but it's like dying without a will. What happens depends on how the judge feels that day. It is the written agreement that restricts the trustee's rights and says that someone else has the beneficial rights. Without it, the trustee looks like the full owner to a court of law. He can do as he pleases with the property. You gave it to him. So be sure to get a written agreement with your trustee.

Antioch 5th grade to use calculators

A fifth grade supplementary math program which will use calculators was approved by the Antioch grade school board.

"The program is designed to improve the computational skills and problem solving techniques of students and to help them develop positive attitudes towards mathematics," he said.

TESTS HAVE SHOWN that students who have used calculators for supplemental math perform better on mathematical achievement tests even though they do not use calculators during the tests.

Enrollment at the end of the 1978-79 school year has gone up by 10 students, Skidmore reported.

The gain has been attributed to growth in the Oakland area and a "gain in special education students, particularly in preschool," he said.

"Each year we will graduate more students than we take in the following year in kindergarten," Skidmore said.

"AS LONG AS we have a great deal of new housing we will probably gain more students even though the birth rate is down. Once housing slows down or stops altogether, our enrollment will probably decline," he said.

Progress on the W.C. Petty Elementary School "continues to be good," according to Skidmore.

"The general contractor believes it may be completed in late October or early November," he said. "However, in talking to the sub-contractors, that target date may be overly optimistic."

FOUR TEACHERS have resigned and will be replaced for the fall.

Robert Lipinski, a junior high math and physical education and Madolyn Fanning, an

Oakland third grade teacher will be leaving to enter business.

Richard Brucher, a junior high math teacher, has accepted another teaching position and Mary Marshall has moved to Minnesota.

THE ILLINOIS OFFICE of Education has notified the district that its program entitled "Environmental Education: Values for the Future" has been approved for the 1980 fiscal year.

Skidmore informed the board that beginning this fall, the staff's average teaching experience is almost 10 years.

"We have quite an experienced staff," he said.

"Additionally, the average staff member has completed 18 to 24 hours beyond the bachelor of arts degree," he added.

THE BOARD REVIEWED the Antioch Upper Grade Center Language Arts Curriculum which was rewritten by the language arts department.

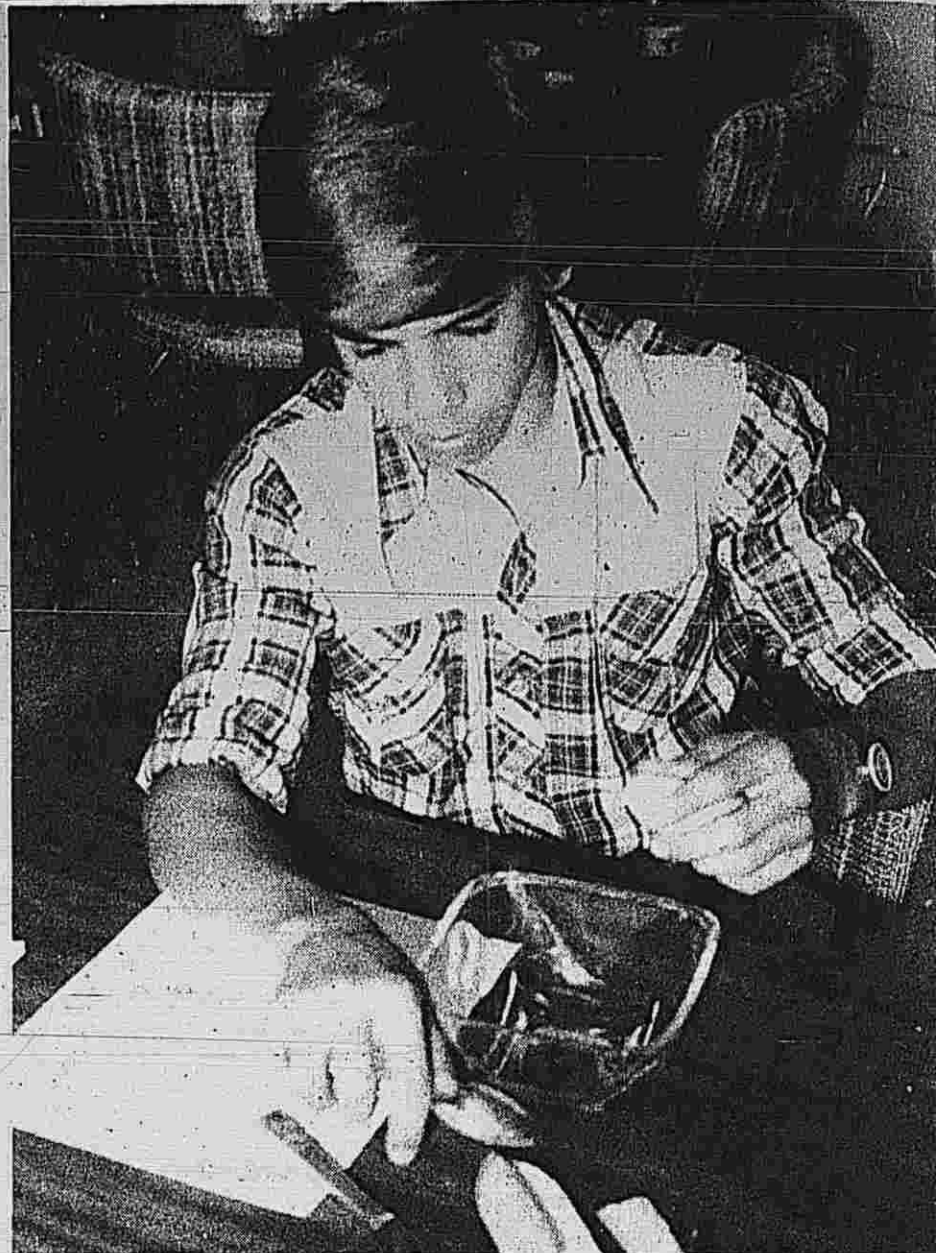

The department "is to be complimented for a fine job," Skidmore said.

"The guide they have written is quite comprehensive. It is a product of which the district can be proud."

Two libraries have been transferred from the Elk Grove School District to Oakland and Antioch.

AN EMERGENCY EXIT will be installed in the Antioch grade school cafeteria this summer. Concern was raised by the board for the need of an additional emergency exit at an earlier date.

The board decided to join the Illinois Association of School Administrators for \$150. The Illinois Association of School Boards membership was also renewed.

A LITTLE SOMETHING TO EAT — Dave Mannina begins to prepare a banana split at the summer Title I cooking class at the Antioch Community High School.

He enjoys the different aspects of patrolling the community. "It's all interesting," he said. "It's something new every day."

When he reports for work at the beginning of the shift, he looks over reports, checks log

sheets and "takes it from there," he said.

The officers work on a rotating shift basis. Mitchell said he enjoys the different shifts because it "gives you time to be at home."

In his spare time he likes to go motor boating. He said he fishes "only when the fish are biting" and also enjoys swimming and "anything to do with summertime."

Mitchell was born in Chicago and lived in Lake Villa until he was 14, when his family moved to Antioch. His parents also live here.

He now lives in rural Antioch with his wife, Nancy.

Lawrence Lloyd and Mary Ann Mayer of Antioch received degrees from Marquette University.

Lloyd received a bachelor of science degree in Liberal Arts and Mayer received a bachelor of science degree in Nursing.

New mail size standards effective July 15

July 15 is the deadline mailers have to use up small and undersized envelopes and cards, Antioch Postmaster Wayne Van Heirseele reminds customers.

Starting that date, the Postal Service makes its new size standards effective. Cards and envelopes measuring less than three and one-half inches high or five inches long no longer will be mailable and will be returned to sender.

EXTRA LARGE first-class envelopes more than six and one-eighth by 11 and one-half inches — will incur a seven-cent surcharge if they weigh one ounce or less.

Van Heirseele advises these oversized pieces will be returned to the sender if they do not carry the seven-cent surcharge but can be remailed if the surcharge postage then is affixed.

However, delays for these pieces can be avoided if mailers make sure that sufficient postage has been applied.

The new regulation also

will prohibit thin or flimsy cards. After July 15, the cards must be at least seven thousandths (.007) of an inch thick.

Nine inch girl's story to be told

Believe it or not, they found what they were looking for: a four foot mouse, a turtle translator and even a nine inch girl.

The "Charlie Brown Players," have selected a large cast for their upcoming and fifth show.

The story about a nine-inch girl who is whisked off her island by a storm and falls into the possession of two giant old hags. She is sold to a circus full of giants.

The play is slated to perform August 17, 18, 19, 24 and 25.

Tickets for this show will be available from local merchants.

Program delayed

The Antioch Township Library has just received a notice that the daily picturepages segments will not be included in CBS network's Captain Kangaroo program during the summer session but will return in the fall in the month of September.

The library will let you know what the schedule will be as soon as they get word so you can pick up your picturepages for your preschool children each week.

The Right to Read Program of the U.S. Office of Education has funded the project to distribute Picturepages booklets through public libraries in selected cities, including Antioch.

Picturepages will be a daily feature on the CBS Network's Emmy Award-winning children's television program, Captain Kangaroo.

A limited supply of Picturepages booklets will be sent for each week, which can be picked up at the library. Sign up early for them.

Harris, Kristan, Zwirgzdas take Wilmot feature wins

Wednesday night July 4 was homecoming night for Whitey Harris, Lake Villa who won two season championships as a driver of modified stock cars at the Kenosha County Speedway.

His Championships were won in 1965 and 1970.

Wednesday night he won the Lakeland Newspapers late model sportsman stock car feature in a 1978 Camaro.

He set fast time, was third in a 10 lap heat race and won the feature from the back taking the lead from former champion Ken Zeisse.

ZEISSE DROPPED OUT of the running when a carburetor bolt sidelined the car.

Harris was nearly a quarter of a lap ahead of Ron Shearer at the end of the 25 laps. Don Collins was third and Duke Norton was the first regular Wilmot driver in the finish at fourth.

Other champions at the speedway for homecoming were defending Champion, John Dost, who dropped out of the feature; Sid Norton who was second in a heat and third in the 12 lap semi-feature; Ron Fryer, out of the feature finish but with a second in a heat and Milt Curcio who won at Wilmot in the 50's and has not raced since 1962.

A FORMER DRIVER, Jack Frost, Zion who raced in the 50's at Wilmot was also on hand. He was second to Don Sorce, West Allis in 1961. Wednesday night his nephew Mike won the 12 lap semi-feature race.

Heat race winners were Chuck Penkolla, Ralph Rau and Tom Homan.

Jim Uttech won the feature for the modified stock cars and a 10 lap heat race. Bob Zedon set fast time.

Odess Dimopoulos won his fifth feature of the season in spectator stock car racing and Paul Seidler and Dimopoulos were heat race winners.

Further Wednesday night races at Wilmot have been cancelled on a regularly scheduled basis and will only be run when Saturday night programs are postponed due

to rain.

Joe Kristan, Waukegan made it two wins in as many Saturday nights in super-modified stock car features at the Kenosha County Speedway as he won the 35 lap mid-season championship race.

He also set fast time and finished second in his 10 lap heat race.

Saturday night he was involved in a three car pile up that put him at the back of the 16 car field on the third lap. Dick Colburn was the leader at the time and looked like he might run off with all the marbles and win the Bobbie's Restaurant Trophy but on the fifth lap he dropped out and defending champion Bob Robel took over through the tenth lap when Kristan went ahead to stay.

ROBEL FINISHED in second with John Tierney, Bill Kojis and Rick Schmidt rounding out the top five in close racing positions.

The semi-feature was won by Tom Teeters.

Heat race winners were Ray Dobbs, Colburn and point leader Darrell Dodd.

Dodd was second in the feature pressing Kristan when he dropped out with mechanical trouble.

EVEN MODIFIED STOCK CARS were in added numbers as Jim Uttech, scored a clean sweep of that action.

Paul Seidler, a transfer from the spectator stock car ranks, had his new modified stock car out for the first time and was fourth in the feature.

Late model sportsman point leader, Jim Zwirgzdas missed his third sweep of that action when he was third in a heat race won by Hank Horvorka.

His feature win was his sixth of the season.

Defending champion John Dost was twice sidelined from the close racing that cut tires on his Camaro.

Ken Zeisse was second in the feature with Sid Norton, a very close third.

Bill Jensen and Sid Norton were other heat race winners.

Lyle Derler led throughout the 12 lap spectator stock car

feature to hold off five time feature winner, Odess Dimopoulos and Tim Mock.

Tom Banfield set fast time but dropped out the feature.

John Schroeder and Bill Colby were heat race winners.

Jim Zwirgzdas continued his command of the fast field of late model sportsman stock car drivers at the Kenosha County Speedway June 30 when he set a new track record and won the 30 lap mid-season championship race.

Joe Kristan won his second 25 lap super-modified stock car feature and a ten lap heat race to reduce the margin in points he trails John Tierney and point leader Darrell Dodd.

Tierney set fast time and finished sixth in the feature and Dodd won a heat race and was second in the feature.

Gene Pennington started the race in front after a restart caused when Dodd, Bill Kojis and Jim Moulis collided in the third turn on the first lap. On the restart, Kojis was the only car out with front axle damage.

KRISTAN TOOK the lead on the 11th lap, lost it for four laps and regained it to finish three car lengths ahead of Dodd.

Zwirgzdas' win came after he had spun on the second lap and was several car lengths back but a yellow flag bunched the field after he had come up to 12th in the 16 car field.

Duke Norton, Wonder Lake had been the leader but defending champion John Dost took over as he displayed his best racing of the season.

Another restart saw Zwirgzdas take the lead with Jerry Heywood also getting by Dost before the checkered flag fell.

Jim Uttech, won the 15 lap semi-feature for the modified stock cars and Bill Respsold, won the super modified semi-feature.

Carl Ekx, was struck in the pits and was taken to Kenosha Memorial Hospital where it was determined the car had broken his ankle.

James tops sprints

Lee James, Northridge, Calif., drove his National Speedways sprinter into the lead following a spin out of Tim Green and went on to win the first sprint car races held at the Kenosha County Speedway on July 5.

The third mile clay oval was in fast condition and produced a new low all time track record of 15.458 seconds set by Bobby Allen, Pa.

The super-modified record of 15.98 seconds held by John Tierney will continue to be recognized for that class with the new record recognized for sprint cars.

BILL POPE from Pope's Mobil Station in Kenosha presented the fast time record trophy to Allen.

The sprinters proved up to their billing as they rim rode the turns in complete broad-sliding action while the

super-modifieds took the low groove through the corners.

Dick Colburn brought the hometown crowd of about 3000 to their feet as he almost won the first eight lap heat race over Cliff Woodward and Wayne York.

The race had been red flagged to a halt when Rick Schmidt flipped over in the first turn.

He was not injured and returned to win the fourth heat race.

COLBURN STAYED in front for most of the remainder and was about to regain the lead on the final lap when he spun and finished third.

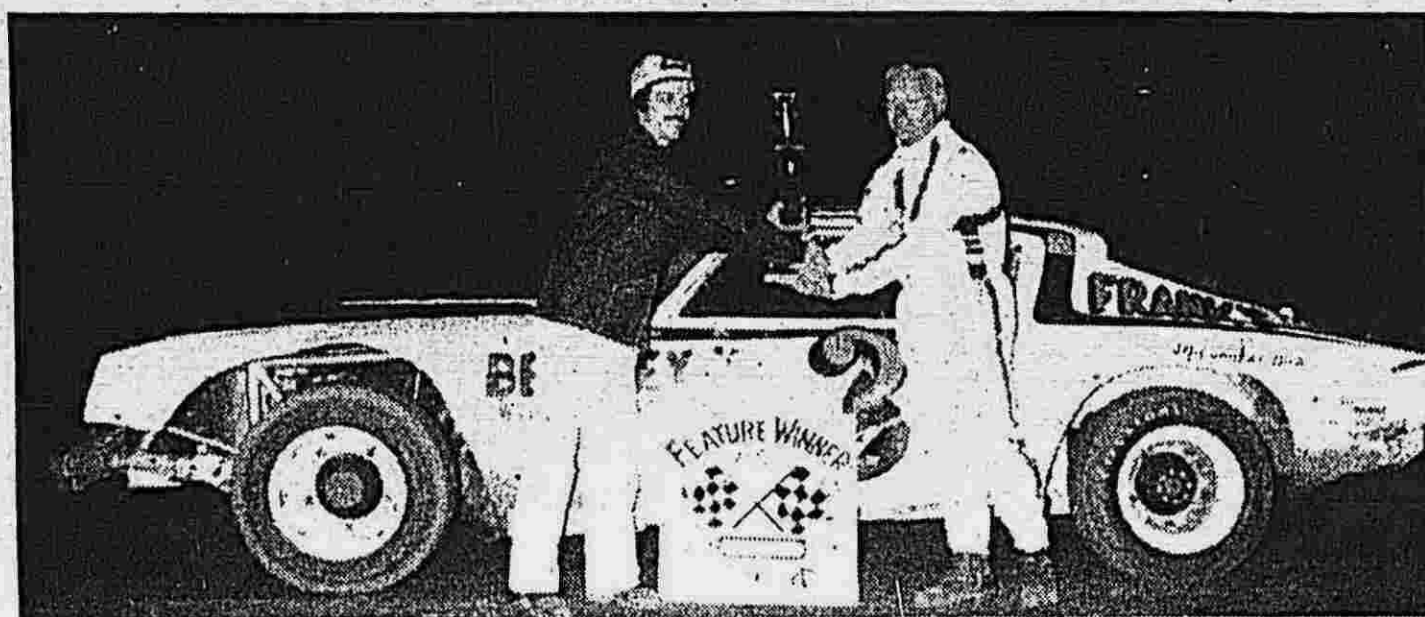

Joe Kristan had the best finish of the Saturday night Wilmot super-modified drivers when he finished fourth in the 35 lap feature.

He and Wilmot point leader Darrell Dodd had

been in the lead earlier. Dodd's car was hit in the close racing and he retired on a restart.

In spectator stock car action, Tom Banfield won the 15 lap feature.

Kenosha driver Bill Colby flipped in this race but was not injured.

LAKELAND WINNER—Whitey Harris of Lake Villa returned to Kenosha County Speedway July 4 and the former modified driver proceeded to win the 25-lap late model Lakeland Newspapers Championship race. Michael Babicz (left), Lakeland Sports Editor, presents the championship trophy to Harris.

They're biting

Stripers are being caught on the east and north shore of Lake Catherine, reported Ed Sorenson of Sorenson's Bait Shop in Antioch.

Ed Sorenson reminds fishermen that stripers like calm water and a cooler climate, so he suggests that fishermen go in the evening or morning. Also, the sandy shores of Lake Marie are producing nice stripers, he said.

Blue Gill will be biting this week on east Loon with catfish being the catch of the day on Lake Marie.

Sorenson says that live bait is still the best, but fishermen who try artificial bait might catch a few bass that have been reported to be biting on all lakes.

Some ancient people believed that their spirits would be reborn as flowers.

Gallagher is honor scholar

R. Scott Gallagher, 41097 N. Julia Ct., Antioch, has been awarded a Monmouth College Honor Scholarship for the 1979-80 school year.

Gallagher, son of Mr. and Mrs. LeRoy Gallagher, will be a freshman at Monmouth this September. He graduated in June from Antioch Community High School.

Monmouth College offers Honor Scholarships to outstanding entering freshmen to recognize their academic excellence. Eligible students rank near the top of their high school class and have high SAT or ACT scores. Forty-six students, 11 of whom were valedictorians of their graduating classes, were designated Honor Scholars last fall.

Gallagher is an Illinois State Scholar and a member of National Honor Society. He played football, basketball and baseball throughout his high school career. He was named to the all-conference baseball team this spring and was also captain of the team.

Monmouth College is a coeducational four-year liberal arts institution located in Monmouth, Ill. The college was founded by the United Presbyterian Church in 1853.

Village may hire additional officer

A new police officer may be added to the Antioch Police Dept. following a recommendation to accept the proposal by the Antioch Village Board which met in committee.

The salary for a new man will cost the village \$1,200, said Police Chief Chuck Miller.

There is difficulty "keeping up with the workload" and there are "not enough people on the force," said Police Chief Chuck Miller.

"The question should be, should we get two or three men," Miller said. He added that he only asked for one. There are more accidents and calls, he said.

In addition, there is "a hell of a rash of burglaries," Miller said. In one month there were 15 burglaries. Mayor Michael J. Haley said he would recommend that a new officer be hired to the village board at its next meeting.

Supt. Skidmore Receives Honor

Antioch Grade School Supt. Donald E. Skidmore has been selected as a member of the Institute for the Development of Educational Activities Academy of Fellows.

Skidmore has been chosen as one of 650 outstanding American educators to receive this honor and will participate in a week-long seminar to be held at Stephens College, Columbia, Missouri.

During the week a faculty of nationally prominent educational leaders will address the fellows and meet with them in small groups for the purpose of coping with issues and problems of education in the 1980s.

Alan Dixon says thanks

Illinois Secretary of State Alan Dixon has sent a letter to Pres Reckers, vice president of the State Bank of Antioch, thanking him for the successful Bicycle Safety Rodeo held in Antioch.

Dixon wrote: "Charles Murphy of my staff has just shown me the news coverage of your third annual Bicycle Safety Rodeo in Antioch. I am impressed at the planning and total

cooperation of the community leaders: Mayor Haley, Chief Mapletorpe, James Quedenfeld, Chief Miller, and Mrs. Glenda Tomaschik of the Village of Antioch, and the Antioch News.

"It is encouraging to know that my office again has the support and cooperation of people like you in our efforts to make Illinois number one in bicycle safety.

Football and cheering registration to begin

The Antioch Viking Junior Tackle Football program will hold its first registration for players and cheerleaders on Friday, July 13 and Saturday, July 14 at the Antioch Scout House.

The hours are 6 to 9 p.m. on Friday and 9 to 12 p.m. on Saturday. The second registration will be July 20, and 21.

Boys who will be in the fifth, sixth, seventh, and eighth grades, and will not have

reached age 15 as of Sept. 1, 1979 can sign up. Girls for cheerleading in the sixth, seventh, and eighth grades can also sign up.

This year the Vikings will field eight teams; a heavyweight team comprised of boys predominantly in the seventh and eighth grades who weigh in excess of 110 pounds; a lightweight team made up of boys in the seventh and eighth grades under 110 pounds; and six featherweight instructional

teams for boys in the fifth, sixth, and seventh grades. These teams compete in the Junior Football League of Northern Illinois.

The registration fee of \$25 per boy \$20 for each additional boy in the same family, covers the use of equipment, league fees and official costs.

The cheerleading fee for girls is \$10.

A parent must accompany the boy or girl to sign a permission form and boys should bring a copy of a birth certificate which can be retained.

The Vikings plan their first practice August 13 at the high school practice field at 6 p.m.

July 22 planned for park roadrace

Antioch Parks and Recreation Dept. is starting to gear up for the 'First Annual' Antioch Roadrace' planned for Sunday, July 22, at 9 a.m. in front of the safety building on the corners of Toft and Orchard.

The 5,000 and the 10,000 meter courses are set and we hope the runners are planning to attend our running clinic, being held at Williams Park Tuesday, Wednesday and Thursday from 7 to 9

p.m., with the babysitting service still being held. This clinic is in conjunction with our adult conditioning classes.

This being our first attempt at a run, we ask the residents of Antioch to help us by offering the runners water when they pass by your house. The routes have been planned around some of the subdivisions, so everybody can help make this a success.

Band will play in park

The Antioch Upper Grade Band will be presenting "Music in the Park" on July 19 at 7 p.m. at Williams Park on the grassy knoll.

A water show will follow immediately at the Aqua Center.

PM&L to stage 'Pippin' on Antioch High stage

PM&L's summer musical production will be "Pippin," the dazzling show which recently completed a four and one-half year run on Broadway.

The Antioch playdates are Fridays and Saturdays, July 27 and 28 and August 3 and 4. As the PM&L Theater will be closed for repairs and remodeling during the summer, the sparkling and tuneful musical comedy will be presented at the Antioch Community High School, where curtain time will

be 8:30 p.m.

"Pippin," by Roger O. Hirson, is about the Holy Roman Empire in the days of King Charlemagne. It was long ago pointed out that his domains were neither holy nor Roman nor even an empire. But the eighth-century setting does provide an opportunity for colorfully picturesque costumes, exciting dancing, and spirited singing of Stephen Schwartz' rhythmic music, which won critical acclaim for the New York and Chicago productions.

The PM&L staging is directed by Ken Smouse, ably assisted by Chris Lindberg as music coordinator and Linda Zeman as choreographer, with pianist Tracy T. Kiederlen in command of the orchestra pit.

The youthful and talented cast of thousands features Mike Petersen of Gurnee as Pippin, son of Charlemagne; Tricia Schaefer, Antioch, as the Leading Player; Peter Thelen, Spring Grove, the King; Kat Poskozim, Antioch, Fastrada; Mary Kiszely, Berthe; Mike Conners, Lewis; Kim Anderson, Catherine and Lane Ibanez as her son Theo.

The chorus of gifted singers and dancers includes Jennifer Beese, Patti Gross, Lori Jo Rush, Janet Nordstrom, Janet Papenfuss, Jennifer Biel, Betsy and Jeff Smouse and Keith Boehme from Antioch; Pam Knourek, Lake Villa; Lisa Soland, Spring Grove; Kim Parsons and Ron Kurpiers, Gurnee; Patrick Bast, Fox Lake and Dave Krostal, Lindenhurst.

The earliest self-service grocery stores were two independent enterprises in California in 1912.

"Pippin" thus promises to be a block-busting hit to top off PM&L's already remarkably successful Season XVIII. To be sure to see this fresh and melodic production, remember to call 395-3055 for your reservations. You should be at the high school — don't forget this location of the summer musical — no later than 8:15 on the night you plan to see the show.

McClory poll shows conservative mood

Congressman Robert McClory (R-Lake Bluff) announced the results of his biennial questionnaire survey of voters in the 13th Congressional District.

Noting that the 13th District "includes industrial areas, urban and suburban communities, small towns, and farmland," McClory said "my constituents

thinking on political issues is likely to be a bellwether of important national trends."

THE SURVEY reveals a conservative anti-big government mood according to McClory who said, "The highest percentage of yes votes — 85 per cent — was recorded in response to the question: 'Do you favor a

constitutional amendment requiring a balanced budget except during national emergency?'

The second highest percentage of yes votes — 70 per cent — was recorded in response to this question: 'Do you favor calling a constitutional convention for that purpose if Congress

does not act?' It appears that the national sentiment in favor of reducing federal spending is still running very strong."

But there is still strong support for necessary spending in the area of defense, according to Congressman McClory, who said, "An absolute majority — 54 per cent — responded positively to the question: 'Should the United States spend more money on national defense?'

An even larger majority — 60 per cent — supported this proposition: 'Do you favor returning to some form of military draft system?'

"These responses seem to indicate that the anti-military mood so noticeable at the end of the Vietnam War has now dissipated considerably," McClory said.

McClory observed that several issues such as the draft and handgun control, produced disparities in the responses of men and women. Men favored re-institution of the draft by a 63 per cent margin while only 56 per cent of the women did. Conversely, 64 per cent of the women favored stricter federal handgun control as against 51 per cent of the

men. About 25,000 voters participated in the survey out of 150,000 households which received questionnaire cards. The Congressman noted that "this response is far in excess of the number of persons polled by the commercial polling organizations."

Commenting on the conservative mood revealed by the survey, he said, "I am pleased to find myself philosophically — and politically so closely attuned to those I am charged with representing."

SHORT PUTT—Mary Hallett sinks a short putt on the third green at Spring Valley Country Club as others in her foursome (from left to right) Alvira Morgan, Jean DeBoer and Mary Carney look on. All are members of the Antioch Women's Golf League which meets every Tuesday morning at the Spring Valley Country Club. The league is sponsored by the State Bank of Antioch.

Zitkus to attend Alabama

Dave Zitkus of Antioch has decided to attend the University of Alabama in the fall on a "full ride" scholarship.

The former College of Lake County lefthanded pitcher was picked by the Minnesota Twins in the 29th round of the professional baseball draft this spring but opted to continue his college education instead.

He will be primarily pitching for Coach Barry Shellenburger's Crimson Tide in the Southeastern Athletic.

The former Antioch High School star is the son of Lester and Nancy Zitkus of 1037 Spafford St. in Antioch.

MAKES NEW FRIEND — Kenny Kuhfuss, 7, of Antioch holds a fluffy friend at Antioch Chamber of Commerce and Industry's seventh annual arts and crafts fair and antique show.

Jim Polley will be speaking on "Transcendental Meditation and the Development of the Individual" on Wednesday, July 11.

The free public lecture will begin at 7:30 p.m. at the Antioch Public Library, 757 Main St.

Polley said, "The TM techniques has been very thoroughly researched and found to be the most effective way to counteract stress and tension."

"Recent research indicated that this effortless mental technique is more than just a relaxation technique," he said. "The TM program literally improves every area of life by developing one's potential to its fullest capacity."

Polley has studied with Maharishi Mahesh Yogi, founder of the TM program. He teaches through the Lake County TM Center in Grayslake.

1ST PLACE IN ART — Anders Nordling, of Lake Villa, received a check for \$75 for his winning oil painting at the Antioch Chamber of Commerce and Industry's seventh annual Arts and Crafts Fair and Antique Show. Nordling said he has painted since he was young boy.

ANNIE MAE

There were so many people at the annual Arts and Crafts Fair and Antique show, I couldn't believe it. It was good to see everyone having such a good time.

Since it was such a hot day, the refreshments and brats were really enjoyed.

The Antioch Chamber of Commerce and Industry sponsored the seventh annual show.

We want to send get well wishes to Helen Patrovsky who suffered multiple injuries after her automobile accident about two weeks ago. The last report from her family said she is still in the hospital in critical condition.

Don't forget the Antioch Roadrace July 22. Runners may be jogging by your house. If they need a drink of water, I hope you will help them out.

And if it's a really hot day, they may want to be sprayed with your garden hose, so keep a watch out your window on the twenty-second.

A Better Way To Save...

Your Best Investment!

Over the past ten years, the best investments for most investors have been their homes and their investments in high yielding certificates of deposit with a savings & loan association. You probably know how much your home value has increased. But, do you know how your deposits at Antioch Savings have grown as compared to other forms of investment? For example, earnings on Antioch Savings' longest term CD's have almost always out performed the return received on the market average for industrial, transportation, or utility stocks over that term. Also, you should be aware that those stocks were worth less than their original purchase price more than fifty per cent of the time. At Antioch Savings, your funds are continually growing at high interest rates and are insured to \$40,000 by the Federal Savings & Loan Insurance Corporation. Doesn't it make sense to invest your funds at Antioch Savings?

New Passbook 5 1/2% Rate

Now your funds will grow faster than ever before in an Antioch Savings Passbook Account. Beginning July 1, Antioch Savings is offering 5 1/2% on its Passbook Account! That's the highest rate ever paid on passbook savings in history!

New 4 Year CD & More

Beginning July 1, we're offering a new "4 year" Money Market CD which is tied to the average four year yield on U.S. Treasury Securities (1% below). Also, you'll be pleased to know that the minimum amount required to open any Antioch Savings Certificate Account (except 6 mo. Money Market CD) has been reduced to \$500. VISITOR FROM GUAM — Sandy Rapp (Left) and Mr. James Bowers are visited by Rachel Harvey, who is staying with them for a few days. Sandy enjoys showing Rachel, who is her step-cousin, various county points of interest. Rachel has lived in Guam for three years.

Street repair bid accepted

Action was taken on bids for street resurfacing at the Antioch Village Board meeting.

Two bids were received by the board. A bid from Liberty Asphalt for \$21,375 was accepted for the resurfacing. The other bid was from Burlington Pavers for \$26,250.

The board approved payment of accounts as of July 2 and authorized signing change orders on the fire station building contract.

THE CONTRACT total for the fire safety building including the eight change orders amounts to \$54,527.70. Total deductions for the changes are \$4,382.52 and total additions are \$21,564.63.

One-half of the amount of \$4,361 was approved for the installation of a multi-channel intercom system for the fire safety building.

The village clerk was authorized to sign an agreement with Barton-Aschman Associates for a highway safety project. **ENGINEERING AGREEMENTS** were signed by the mayor-for-sewer-evaluation surveys. The agreements are with Donohue and Associates and Applied Engineering.

The board also approved a sign permit for the Suzuki

store on Main St.

The owner of the store attended the last committee meeting to tell trustees there was no place to put up a sign on the building's frontage or store itself.

A one-day liquor license for the Lion's Club chicken barbecue in Williams Park was granted for August 5. The board also voted to waive the \$75 license fee.

A park permit was also granted to the Antioch Rescue Squad for their pool party on August 11.

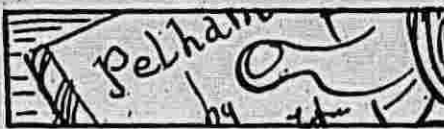

Patrovsky's condition is critical

Helen Patrovsky is still in critical condition and remains in intensive care after her automobile accident.

She received serious internal injuries and broken bones when her car was struck in a head-on collision on Fairfield Rd. near Rollins Rd.

The doctors are very optimistic and are "amazed she's come this far," said her son Joseph Patrovsky.

The family is doing "the best that we can," he said. They are visiting Helen daily, he added.

Edward Bulwer-Lytton's "Pelham" was the first paperback book, published in Germany in 1841.

Residents receive visitor from Guam

When Rachel Harvey explains what it is like in Guam to her step-cousin, her clear eyes flash across the water of Lake Bluff in Antioch where the two are staying.

The thirteen-year-old girl is visiting her step-cousin Sandy Rapp. Both girls are staying with Sandy's step-grandparents, Mr. and Mrs. James Bowers, on Beach Grove Rd.

"The people are very sweet and the scenery is very beautiful in Guam," she said. Rachel has been on vacation since December. Her parents are evangelistic missionaries in Guam.

"There are lots of beautiful falls there. The land is gorgeous for hiking and is really green," she added. The waters of the Pacific Ocean are a beautiful blue.

The girls have hardly had a chance to rest during Rachel's short visit. They went to Marriott's Great America and the Tempel Farm.

Rachel loves horses and animals and said she would like to be a veterinarian some day. "My main thing is animals," she said.

"Guam is where America's day begins," Rachel said. Its time zone is 14 hours ahead of Florida time.

There are no winters and summers are hot and sticky, she explained. During the early part of the year the weather is dry.

People in Guam eat rice as their main dish every day, she said.

A lot of fruit is grown in Guam because of the warm weather, she added.

Although she prefers Guam to the Continental U.S., Rachel hopes to return some day to visit Antioch again.
